

3-Year Budget Template — Blu Foundation (FY2026–27 to FY2028–29)

Field	Detail
Document Code	BLU_D18
Version	1.0
Date	June 2026
Status	Draft — Financial Planning Document (Not a Financial Statement)
Prepared by	Blu Foundation Operations Team
Deliverable	D18 — 3-Year Budget Template

DISCLAIMER — PLEASE READ BEFORE USE

*This document is a **financial planning template only**. All figures are **estimates for internal planning purposes** and do not constitute an audited, certified, or legally binding financial statement. Costs marked **[VERIFY MARKET RATE]** are indicative estimates based on general Bangladesh NGO and print-market knowledge as of 2026 and must be verified with actual market quotations before finalisation. Items marked **[FOUNDER INPUT REQUIRED]** cannot be completed without confirmation from the founding team. Currency conversion at **approximately 1 USD = 110 BDT** is indicative only and is subject to exchange rate fluctuation — verify the prevailing rate at the time of each financial transaction. This document should be reviewed by a qualified accountant and updated quarterly against actual expenditure.*

Table of Contents

1. Overview and Assumptions
2. Budget Summary Table — 3-Year Overview
3. Detailed Budget — Year 1: Pilot Phase (FY2026–27)
4. Detailed Budget — Year 2: Expansion Phase (FY2027–28)
5. Detailed Budget — Year 3: Scale Phase (FY2028–29)
6. Revenue Projections and Funding Mix
7. Key Budget Assumptions and Notes
8. Budget Control and Governance
9. USD Summary — Donor Reference

1. Overview and Assumptions

1.1 Programme Context

Blu Foundation is a Bangladesh-based NGO whose mission is to teach manners, etiquette, and pro-social behaviour to primary school children in Classes 1–5. This budget template covers the first three fiscal years of structured programme delivery, from an initial two-school pilot through to a fifty-school scale phase reaching an estimated 10,000 students.

1.2 Fiscal Year Structure

Bangladesh government schools operate on a **January–December academic calendar**, but the **NGO fiscal year in this plan follows July–June** to align with typical donor reporting cycles and NGOAB (NGO Affairs Bureau) financial year conventions. All annual totals below refer to July–June fiscal years.

Fiscal Year	Label	Description
July 2026 – June 2027	Year 1 (FY2026–27)	Pilot Phase
July 2027 – June 2028	Year 2 (FY2027–28)	Expansion Phase
July 2028 – June 2029	Year 3 (FY2028–29)	Scale Phase

1.3 Programme Scale Assumptions

Parameter	Year 1	Year 2	Year 3
Schools enrolled	2	10	50
Students reached	~200	~1,000	~10,000
Teachers trained	10	50	250
Average school size	100 students	100 students	200 students
Teachers per school	5	5	5
Class grades covered	1–3 (pilot)	1–5	1–5
Classes per grade per school	2	2	2–4

[FOUNDER INPUT REQUIRED] Confirm year-on-year school growth targets (2 → 10 → 50). If targets differ, all volume-driven line items below must be recalculated proportionally.

1.4 Currency and Exchange Rate

- All budget figures are expressed in **Bangladeshi Taka (BDT)**.
- For donor reference and grant applications, figures are also converted to **United States Dollars (USD)**.
- Conversion rate used throughout: **approximately 1 USD = 110 BDT** (2026 indicative estimate).

- **This rate is approximate and subject to exchange rate fluctuation.** Verify the prevailing Bangladesh Bank mid-rate at the time of each transaction or grant application.
- Large figures are also expressed in **lakh (1 lakh = 100,000 BDT)** and **crore (1 crore = 10,000,000 BDT)** following standard Bangladesh convention.

1.5 Contingency Policy

A contingency allowance of **15%** has been added to all direct programme costs (Sections A through G in each year). Contingency does not apply to staff salaries or recurring operational overhead, which are estimated with their own variance ranges.

1.6 Key Financial Flags Outstanding

The following decisions are required from the founding team before this budget can be finalised:

Flag	Section(s) Affected
Confirm school growth targets (2 → 10 → 50)	All
Confirm available seed funding and in-kind resources	Section 6
Confirm whether founder draws salary in Year 1	3F
Confirm office space arrangement (home / rented)	3F
Confirm video production budget decision	3D
Confirm illustrator preference (in-house vs. external agency)	3A
Confirm social media advertising budget	3E
Confirm external evaluator budget	3G

2. Budget Summary Table — 3-Year Overview

All figures in BDT. Ranges shown where estimates are uncertain. Mid-point estimates used for the 3-Year Total column.

Budget Category	Year 1 (BDT)	Year 2 (BDT)	Year 3 (BDT)	3-Year Total (Mid, BDT)
A. Curriculum Development and Content	400,000–700,000	150,000–250,000	100,000–200,000	~1,250,000
B. Printing and Distribution	80,000–130,000	600,000–900,000	4,000,000–6,000,000	~5,855,000
C. Teacher Training	50,000–80,000	200,000–320,000	800,000–1,200,000	~1,325,000

D. Digital Platform	80,000–210,000	300,000–600,000	1,000,000–2,000,000	~2,095,000
E. Social Media Campaign	100,000–180,000	150,000–250,000	200,000–350,000	~615,000
F. Staff and Operations	700,000–1,100,000	2,000,000–3,000,000	6,000,000–8,000,000	~10,400,000
G. Monitoring and Evaluation	80,000–150,000	200,000–400,000	500,000–900,000	~1,115,000
H. Contingency (15% of A–G)	220,000–380,000	510,000–855,000	1,890,000–2,790,000	~3,322,500
TOTAL ESTIMATE	1,710,000–2,930,000	4,110,000–6,575,000	14,490,000–21,440,000	~25,977,500
TOTAL (lakh / crore)	17–29 lakh	41–66 lakh	1.45–2.14 crore	~2.6 crore
TOTAL (USD approx.)	15,500–26,600	37,400–59,800	131,700–195,000	~236,000

*Note: Year 2 and Year 3 figures assume no major curriculum re-development costs (content completed in Year 1). Year 3 printing unit costs are reduced by an estimated 20–30% due to volume printing economies. These totals are **planning estimates only** — see Section 7 for full assumptions.*

3. Detailed Budget — Year 1: Pilot Phase (FY2026–27)

Scale: 2 schools | ~200 students | 10 teachers | Classes 1–3 (pilot)

3A. Curriculum Development and Content

By the end of Year 1, all five textbooks (Classes 1–5) and accompanying teacher guides are to be finalised. The majority of curriculum development investment falls in this year.

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Final manuscript editing and formatting — 5 textbooks	5 books	20,000–40,000 per book	100,000–200,000	Professional editor/proofreader; Bengali language
Professional illustration — 5 textbooks	5 books × ~15 illus. = ~75 illustrations	2,000–5,000 per illustration	150,000–375,000	[VERIFY WITH ILLUSTRATOR] [FOUNDER INPUT REQUIRED: in-house or external agency]
Graphic design / typesetting — 5 books	5 books	10,000–20,000 per book	50,000–100,000	[VERIFY MARKET RATE]

Bengali translation / language review	5 books	5,000–15,000 per book	25,000–75,000	If content drafted in English; professional translator
Pilot testing and curriculum revision (Year 1 feedback)	Lump sum	—	30,000–60,000	Includes travel to pilot schools, FGDs
Teacher guide development and formatting (Class 1–3)	3 guides	10,000–20,000 per guide	30,000–60,000	[VERIFY MARKET RATE]
Subtotal 3A			385,000–870,000	

[FOUNDER INPUT REQUIRED] Preferred illustrator arrangement: (a) in-house staff or volunteer; (b) freelance illustrator; or (c) external design agency. This decision significantly affects cost — agency rates can be 2–3× freelance rates in Dhaka.

3B. Printing and Distribution (Year 1: 2 Schools, ~200 Students)

Year 1 pilot covers **Classes 1, 2, and 3 only** (3 textbook titles). Class 4 and 5 textbooks will be printed in Year 2.

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Student textbook printing — 3 titles × ~200 copies each	600 copies	80–120 per copy	48,000–72,000	A5 format; colour cover; B&W interior; ~80 pages; offset print [VERIFY WITH PRINTERS]
Teacher guide printing — 3 titles × 10 copies each	30 copies	120–180 per copy	3,600–5,400	Slightly higher unit cost than student book due to low volume [VERIFY MARKET RATE]
Packaging and labelling	Lump sum	—	3,000–5,000	Plastic wrap, labelling, school-coded bundles
Transport / delivery to 2 pilot schools (Dhaka or nearby)	2 schools	2,000–5,000 per school	4,000–10,000	Estimate for Dhaka metro; add 50–100% for outside Dhaka [VERIFY]
Miscellaneous printing (forms, consent letters, etc.)	Lump sum	—	5,000–10,000	
Subtotal 3B			63,600–102,400	

[VERIFY MARKET RATE] — Printing costs vary significantly between vendors. Obtain at least 3 quotes from Dhaka-based offset printers. Standard market range as of 2026: BDT 80–120 per A5 copy (colour cover, B&W

interior, 80pp) is a reasonable starting estimate for runs of 200–600 copies. Unit cost will drop significantly at 1,000+ copies (see Year 2).

3C. Teacher Training (Year 1: 10 Teachers, 2-Day Workshop)

A two-day residential or day-release workshop for 10 pilot school teachers.

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Venue hire (if not conducted at school)	2 days	5,000–12,000 per day	10,000–24,000	Community hall or NGO office space; waive if hosted at a pilot school [VERIFY]
Training materials (printed workbook, handouts)	10 participants	200–500 per participant	2,000–5,000	[VERIFY MARKET RATE]
Facilitator / trainer fee	2 days	5,000–10,000 per day	10,000–20,000	External trainer or Blu Foundation staff; if staff-led, internal cost only
Lunch and refreshments	10 participants × 2 days	500 per participant per day	10,000	BDT 500/person/day is standard NGO event rate
Morning tea / snacks	10 participants × 2 days	150 per participant per day	3,000	
Transport allowance for teachers	10 teachers	500–1,500 per teacher	5,000–15,000	Depends on travel distance; adjust for non-Dhaka locations
Post-training follow-up visit (1 per school)	2 visits	2,000–5,000 per visit	4,000–10,000	Monitoring and coaching
Subtotal 3C			44,000–87,000	

***[VERIFY]** Total training cost range of **BDT 44,000–87,000** is plausible for a 10-person, 2-day workshop in Bangladesh. If the workshop is hosted at a pilot school (waiving venue hire) the lower end is more likely. Confirm with training coordinator.*

3D. Digital Platform (Year 1: Google Classroom Setup + Video Production)

Year 1 establishes the digital infrastructure using low-cost tools and produces video content for the first three online courses.

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate	Notes
-----------	----------	--------------------------	----------------	-------

			(BDT)	
Google Workspace for Education (core tier)	—	Free (0)	0	Google Workspace for Education Fundamentals is free for qualifying NGOs/schools
LMS configuration and setup (technical consultant)	Lump sum	—	15,000–30,000	One-time setup of Google Classroom or equivalent; minimal in Year 1
Video script writing — 3 courses × 4 videos = 12 videos	12 scripts	2,000–5,000 per script	24,000–60,000	Bilingual (Bengali primary)
Video production — 3 courses × 4 videos = 12 videos	12 videos	5,000–15,000 per video	60,000–180,000	Talking-head or animated explainer; range is wide — verify with production company [VERIFY WITH VIDEO PRODUCTION COMPANY]
Character-based animation (if used)	Per minute	10,000–25,000 per finished minute	—	[VERIFY] — 2D animation in Bangladesh: BDT 10,000–25,000/min is approximate; confirm with local studios
Subtitling / Bengali caption production	12 videos	500–1,500 per video	6,000–18,000	[VERIFY MARKET RATE]
Platform hosting / domain (Year 1)	12 months	500–1,500 per month	6,000–18,000	If needed beyond free Google tools
Subtotal 3D			111,000–306,000	

[FOUNDER INPUT REQUIRED] The video production budget decision is the most material unknown in this section. The difference between a basic talking-head format (lower cost) and character-based animation (higher cost) is substantial. Until this decision is made, the range BDT 111,000–306,000 reflects both scenarios.

3E. Social Media Campaign (Year 1: Launch Campaign)

A 12-week launch campaign to establish Blu Foundation's presence and build school engagement.

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Social media strategy and content calendar (consultant or agency)	Lump sum	—	20,000–50,000	One-time setup; may be reduced if founder manages in-house
Photography session (launch materials)	1 session	10,000–25,000	10,000–25,000	Professional photographer; school/children setting [VERIFY MARKET RATE]

Videography for social content (short reels, testimonials)	1–2 days	15,000–30,000 per day	15,000–60,000	[VERIFY MARKET RATE]
Paid advertising — Facebook/Instagram (12 weeks)	12 weeks	~4,200 per week minimum	50,000 minimum	BDT 50,000 minimum is indicative; effective campaigns may require 2–3× this [FOUNDER INPUT REQUIRED: advertising budget]
Micro-influencer partnership (parenting/education niche)	2–4 influencers	5,000–20,000 per influencer	10,000–80,000	Bangladesh micro-influencer (10K–100K followers) rates are approximate [VERIFY MARKET RATE]
Graphic design for social assets (templates, banners)	Lump sum	—	10,000–25,000	[VERIFY MARKET RATE]
Subtotal 3E			115,000–290,000	

[FOUNDER INPUT REQUIRED] Social media advertising budget must be decided before this section can be finalised. A minimum of BDT 50,000 in paid ads over 12 weeks is assumed; a more effective launch campaign may require BDT 100,000–150,000 in ad spend alone.

3F. Staff and Operations (Year 1)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Executive Director (Founder)	12 months	[FOUNDER INPUT REQUIRED]	[TBD]	Many NGO founders defer salary in Year 1 pending funding; if drawn, estimate BDT 40,000–70,000/month based on sector norms
Program Officer (1 FTE)	12 months	25,000–35,000 per month	300,000–420,000	Bangladesh NGO sector mid-level salary; adjust for seniority [VERIFY MARKET RATE]
Content / M&E Support (0.5 FTE or consultant)	12 months	10,000–20,000 per month	120,000–240,000	Part-time or consultancy basis in Year 1
Administrative / Accounts Support (part-time)	12 months	8,000–15,000 per month	96,000–180,000	May be combined with Program Officer role in Year 1 to save cost
Office rent	12 months	[FOUNDER INPUT REQUIRED]	[TBD]	If working from home: BDT 0; if renting shared/co-working in Dhaka: BDT 10,000–25,000/month [FOUNDER INPUT REQUIRED: office space decision]
Utilities, internet, supplies	12 months	5,000–10,000 per month	60,000–120,000	Internet (BDT 1,500–3,000), electricity, stationery

Mobile / communication allowance	12 months	1,500–3,000 per month	18,000–36,000	For field-visiting staff
Accounting and audit fee (annual)	1 year	—	30,000–60,000	Chartered accountant for annual audit; NGOAB requirement [VERIFY MARKET RATE]
Legal / registration fees (one-time Year 1)	One-time	—	50,000–100,000	NGO registration with NGO Affairs Bureau, Societies Act or Trust deed; legal counsel [VERIFY WITH LAWYER]
Bank charges and miscellaneous admin	12 months	1,000–2,000 per month	12,000–24,000	
Subtotal 3F (excluding founder salary, office rent)			686,000–1,180,000	
Subtotal 3F (with founder salary BDT 40K/mo + office BDT 15K/mo)			1,346,000–2,020,000	Illustrative only — pending founder decisions

[FOUNDER INPUT REQUIRED] Two critical decisions affect this section significantly: (1) Whether the founder draws a salary in Year 1; (2) Whether the foundation operates from home or rented office space. These two decisions alone could add BDT 600,000–1,140,000 to Year 1 operating costs.

3G. Monitoring and Evaluation (Year 1)

Year 1 M&E is a **light-touch baseline** — establishing systems rather than conducting a full external evaluation.

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Design of M&E framework and tools (consultant)	One-time	—	20,000–50,000	If done externally; may be in-house if staff has M&E skills
Baseline assessment tool development (BAT)	One-time	—	10,000–25,000	Survey/questionnaire design; includes Bengali adaptation
Survey printing and distribution	200 students + 10 teachers	20–50 per survey	4,200–10,500	210 surveys printed
Data entry and basic analysis	Lump sum	—	15,000–30,000	Manual or basic Excel; may use Google Forms to reduce cost
External evaluator — light-touch baseline only	One-time	—	30,000–80,000	[FOUNDER INPUT REQUIRED: budget for external evaluator]; may defer full external evaluation to Year 2 end-line

Field visits to pilot schools (M&E observation)	4 visits × 2 schools	2,000–5,000 per visit	8,000–20,000	Travel and staff time
Reporting and documentation	Lump sum	—	10,000–20,000	Pilot learning report
Subtotal 3G			97,200–235,500	

[FOUNDER INPUT REQUIRED] If the founding team has M&E capacity in-house, external evaluator costs (BDT 30,000–80,000) can be deferred to Year 2. This is the recommended approach for Year 1 cost control.

3H. Contingency (15% of Sections 3A through 3G)

Base Cost Range (3A–3G, excl. founder salary/office)	Contingency Rate	Contingency Amount
BDT 815,800–1,882,900	15%	BDT 122,370–282,435

Rounded contingency: **BDT 125,000–285,000**

Year 1 Budget Summary

Section	Low Estimate (BDT)	High Estimate (BDT)	Mid Estimate (BDT)
3A: Curriculum Development and Content	385,000	870,000	627,500
3B: Printing and Distribution	63,600	102,400	83,000
3C: Teacher Training	44,000	87,000	65,500
3D: Digital Platform	111,000	306,000	208,500
3E: Social Media Campaign	115,000	290,000	202,500
3F: Staff and Operations (excl. founder salary)	686,000	1,180,000	933,000
3G: Monitoring and Evaluation	97,200	235,500	166,350
Subtotal (3A–3G)	1,501,800	3,070,900	2,286,350
3H: Contingency (15%)	225,270	460,635	342,953
YEAR 1 TOTAL ESTIMATE	1,727,070	3,531,535	2,629,303
In lakh BDT	~17 lakh	~35 lakh	~26 lakh
In USD (÷110)	~15,700	~32,100	~23,900

Planning target range: BDT 17–35 lakh (approximately USD 15,000–32,000). The wide range is primarily driven by: (a) curriculum illustration and content costs; (b) video production decision; (c) founder salary decision; and (d) office space decision. Resolving the **[FOUNDER INPUT REQUIRED]** flags above will narrow this range substantially.

4. Detailed Budget — Year 2: Expansion Phase (FY2027–28)

Scale: 10 schools | ~1,000 students | 50 teachers | Classes 1–5 (all grades)

Key Changes from Year 1

- All 5 textbooks (Classes 1–5) now in print; printing volume scales 5×
- Teacher training delivered in **5 workshops** of 10 teachers each across new and existing schools
- Digital platform migrated from Google Classroom to **Moodle** (self-hosted) for greater control and scalability
- Courses 4 and 5 produced (video content for remaining grade levels)
- Staff team expands — Program Manager and Communications Officer added
- Full BAT (Baseline Assessment Tool) administered to 1,000 students at scale
- Social media: ongoing campaign maintenance plus a second 12-week push for expansion schools

4A. Curriculum Development and Content (Year 2)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Minor revisions to existing books (based on Year 1 pilot feedback)	3 titles	5,000–15,000 per title	15,000–45,000	Light revisions only
New teacher guides for Class 4–5 (development)	2 guides	15,000–25,000 per guide	30,000–50,000	
Illustration additions / updates	As needed	2,000–5,000 per illustration	20,000–50,000	[VERIFY WITH ILLUSTRATOR]
Subtotal 4A			65,000–145,000	

4B. Printing and Distribution (Year 2: 10 Schools, ~1,000 Students)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Student textbook printing — 5 titles × ~1,000 copies	5,000 copies	70–100 per copy	350,000–500,000	Unit cost drops at volume; A5, colour cover, B&W interior [VERIFY WITH PRINTERS]
Teacher guide printing — 5 titles × 50 copies	250 copies	100–150 per copy	25,000–37,500	[VERIFY MARKET RATE]
Packaging and labelling	Lump sum	—	10,000–20,000	
Transport / delivery to 10 schools	10 schools	3,000–8,000 per school	30,000–80,000	Higher if schools outside Dhaka [VERIFY]
Buffer stock / reprints (10% overage)	500 copies	70–100 per copy	35,000–50,000	[VERIFY MARKET RATE]
Subtotal 4B			450,000–687,500	

4C. Teacher Training (Year 2: 50 Teachers, 5 Workshops)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Venue hire — 5 workshops × 2 days	10 days	5,000–12,000 per day	50,000–120,000	[VERIFY]
Training materials — per participant	50 participants	200–500	10,000–25,000	[VERIFY MARKET RATE]
Facilitator / trainer fees — 5 workshops	10 days	5,000–10,000 per day	50,000–100,000	
Lunch and refreshments	50 participants × 2 days	500 per person per day	50,000	Standard NGO rate
Morning tea / snacks	50 participants × 2 days	150 per person per day	15,000	
Transport allowance — 50 teachers	50 teachers	500–1,500 per teacher	25,000–75,000	[VERIFY]
Post-training school visits (1 per school)	10 visits	3,000–7,000 per visit	30,000–70,000	Includes staff travel
Subtotal 4C			230,000–455,000	

4D. Digital Platform (Year 2: Moodle Migration + Courses 4–5)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Moodle hosting (dedicated server or managed hosting)	12 months	5,000–15,000 per month	60,000–180,000	Managed Moodle hosting in Bangladesh [VERIFY MARKET RATE]
Moodle setup, customisation, and migration	One-time	—	50,000–120,000	Technical developer; one-time Year 2 cost [VERIFY]
Video script writing — Courses 4–5 (4 videos each = 8 videos)	8 scripts	2,000–5,000	16,000–40,000	
Video production — 8 videos	8 videos	5,000–15,000 per video	40,000–120,000	[VERIFY WITH VIDEO PRODUCTION COMPANY]
LMS content upload, quality testing	Lump sum	—	20,000–40,000	
Subtotal 4D			186,000–500,000	

4E. Social Media Campaign (Year 2: Ongoing + Second Push)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Content creation — monthly retainer (agency or freelancer)	12 months	10,000–20,000 per month	120,000–240,000	[VERIFY MARKET RATE]
Paid advertising — Facebook/Instagram	12 months	5,000–10,000 per month	60,000–120,000	Ongoing lower-level spend plus one 12-week push [FOUNDER INPUT REQUIRED]
Influencer partnerships (Year 2 expansion round)	2–4 influencers	5,000–20,000 per influencer	10,000–80,000	[VERIFY MARKET RATE]
Subtotal 4E			190,000–440,000	

4F. Staff and Operations (Year 2)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Executive Director	12 months	50,000–80,000 per month	600,000–960,000	Salary expected from Year 2 onwards pending funding [VERIFY MARKET RATE]

Program Manager (new Year 2 hire)	12 months	35,000–55,000 per month	420,000–660,000	Senior role; Bangladesh NGO sector rates [VERIFY MARKET RATE]
Program Officer (continuing from Year 1)	12 months	27,000–38,000 per month	324,000–456,000	With Year 1 increment
Communications Officer (new Year 2 hire)	12 months	20,000–35,000 per month	240,000–420,000	[VERIFY MARKET RATE]
M&E / Content Support (0.5 FTE or consultant)	12 months	12,000–22,000 per month	144,000–264,000	
Administrative / Finance Officer	12 months	15,000–25,000 per month	180,000–300,000	
Office rent	12 months	15,000–30,000 per month	180,000–360,000	Dedicated NGO office likely required by Year 2 [VERIFY MARKET RATE]
Utilities, internet, supplies	12 months	8,000–15,000 per month	96,000–180,000	
Accounting and audit fee	1 year	—	40,000–80,000	[VERIFY MARKET RATE]
Staff travel (field visits, meetings)	12 months	10,000–20,000 per month	120,000–240,000	
Subtotal 4F			2,344,000–3,920,000	

4G. Monitoring and Evaluation (Year 2)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Full BAT administration — 1,000 students	1,000 surveys	30–60 per survey (print + data)	30,000–60,000	
Data entry, cleaning, analysis	Lump sum	—	30,000–60,000	May use digital tools (KoBoToolbox) to reduce cost
External mid-line evaluation	One-time	—	80,000–150,000	End of Year 2; [FOUNDER INPUT REQUIRED: evaluator budget]
Reporting and learning documentation	Lump sum	—	20,000–40,000	Annual report, donor report
Subtotal 4G			160,000–310,000	

4H. Contingency (15% of 4A through 4G)

Base Cost Range (4A–4G)	Contingency Rate	Contingency Amount
BDT 3,625,000–6,457,500	15%	BDT 543,750–968,625

Rounded contingency: **BDT 545,000–970,000**

Year 2 Budget Summary

Section	Low Estimate (BDT)	High Estimate (BDT)	Mid Estimate (BDT)
4A: Curriculum Development	65,000	145,000	105,000
4B: Printing and Distribution	450,000	687,500	568,750
4C: Teacher Training	230,000	455,000	342,500
4D: Digital Platform	186,000	500,000	343,000
4E: Social Media Campaign	190,000	440,000	315,000
4F: Staff and Operations	2,344,000	3,920,000	3,132,000
4G: Monitoring and Evaluation	160,000	310,000	235,000
Subtotal (4A–4G)	3,625,000	6,457,500	5,041,250
4H: Contingency (15%)	543,750	968,625	756,188
YEAR 2 TOTAL ESTIMATE	4,168,750	7,426,125	5,797,438
In lakh BDT	~42 lakh	~74 lakh	~58 lakh
In USD (÷110)	~37,900	~67,500	~52,700

Planning target range: BDT 42–74 lakh (approximately USD 38,000–68,000). The primary cost driver in Year 2 is staff expansion. If founder salary is deferred or some roles remain part-time, the Year 2 total could fall to the lower end of the range.

5. Detailed Budget — Year 3: Scale Phase (FY2028–29)

Scale: 50 schools | ~10,000 students | 250 teachers | Classes 1–5 (all grades)

Key Changes from Year 2

- Printing at **industrial scale** — 50,000 copies across 5 titles; unit cost expected to drop by 25–35% vs. Year 2

- Full staff team of **8–10 FTE** including District Coordinators
- Digital platform: decision between **custom LMS development** or **enterprise Moodle licence** — significant cost implication
- M&E: comprehensive external evaluation; potential peer-reviewed research article
- **Potential cost-recovery revenue** from school licensing fees begins to partially offset programme costs
- National-level social media and PR campaign

5A. Curriculum Development and Content (Year 3)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Second edition revisions (if needed after 2-year feedback cycle)	5 titles	10,000–25,000 per title	50,000–125,000	Optional; may not be needed if Year 1–2 revisions were thorough
New supplementary materials (activity sheets, posters)	Lump sum	—	50,000–100,000	[VERIFY MARKET RATE]
Subtotal 5A			100,000–225,000	

5B. Printing and Distribution (Year 3: 50 Schools, ~10,000 Students)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Student textbook printing — 5 titles × ~10,000 copies	50,000 copies	55–80 per copy	2,750,000–4,000,000	Significant volume discount at 10,000+ print run [VERIFY WITH PRINTERS]
Teacher guide printing — 5 titles × 250 copies	1,250 copies	80–120 per copy	100,000–150,000	[VERIFY MARKET RATE]
Packaging and warehousing	Lump sum	—	50,000–100,000	May require short-term storage facility
Transport / logistics — 50 schools (national)	50 schools	3,000–10,000 per school	150,000–500,000	Wide range: Dhaka-based schools vs. remote districts; consider courier partnerships [VERIFY]
Buffer stock / reprints (10% overage)	5,000 copies	55–80 per copy	275,000–400,000	[VERIFY MARKET RATE]
Supplementary material printing (posters, etc.)	Lump sum	—	100,000–200,000	[VERIFY MARKET RATE]
Subtotal 5B			3,425,000–5,350,000	

5C. Teacher Training (Year 3: 250 Teachers)

Year 3 training may use a **Train-the-Trainer** model to improve cost efficiency at scale.

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Master trainer development (train-the-trainer model)	10 master trainers	5,000–10,000 per trainer	50,000–100,000	Invest in master trainers who deliver school-level training
District-level workshops — 25 workshops × 10 teachers × 2 days	25 workshops	20,000–40,000 per workshop	500,000–1,000,000	Includes venue, materials, refreshments, transport
Post-training school observation visits	50 schools	3,000–7,000 per school	150,000–350,000	Staff travel costs
Training materials — per participant	250 participants	200–500	50,000–125,000	[VERIFY MARKET RATE]
Subtotal 5C			750,000–1,575,000	

5D. Digital Platform (Year 3: Scaled LMS)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Custom LMS development (if chosen over Moodle)	One-time	—	500,000–1,500,000	[VERIFY WITH DEVELOPERS] — custom builds vary enormously; get 3 quotes
OR: Enterprise Moodle licence + premium hosting	12 months	30,000–80,000 per month	360,000–960,000	Alternative to custom build [VERIFY MARKET RATE]
Platform maintenance and technical support	12 months	20,000–40,000 per month	240,000–480,000	
New video content (Year 3 supplementary modules)	8–12 videos	5,000–15,000 per video	40,000–180,000	[VERIFY WITH VIDEO PRODUCTION COMPANY]
Subtotal 5D			640,000–2,160,000	Range wide due to custom vs. Moodle decision

5E. Social Media and Communications (Year 3: National Campaign)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
-----------	----------	--------------------------	----------------------	-------

Communications agency retainer (national-scale)	12 months	20,000–50,000 per month	240,000–600,000	[VERIFY MARKET RATE]
Paid advertising (Facebook, YouTube, Google)	12 months	10,000–20,000 per month	120,000–240,000	[FOUNDER INPUT REQUIRED: advertising budget]
PR / media relations (press, TV features)	Lump sum	—	50,000–100,000	[VERIFY MARKET RATE]
Annual impact report (design and print)	1 report	50,000–100,000	50,000–100,000	For donors, Ministry of Education [VERIFY MARKET RATE]
Subtotal 5E			460,000–1,040,000	

5F. Staff and Operations (Year 3: Full Team 8–10 FTE)

Role	FTE	Monthly Salary Range (BDT)	Annual Total (BDT)	Notes
Executive Director	1.0	60,000–100,000	720,000–1,200,000	[VERIFY MARKET RATE]
Program Director / Deputy Director	1.0	50,000–80,000	600,000–960,000	New role in Year 3
Program Manager	1.0	38,000–60,000	456,000–720,000	Continuing from Year 2
Program Officers (2 FTE)	2.0	28,000–40,000 each	672,000–960,000	
Communications Manager	1.0	30,000–50,000	360,000–600,000	
M&E Officer	1.0	30,000–50,000	360,000–600,000	Full-time M&E role justified at Year 3 scale
Finance and Admin Officer	1.0	25,000–40,000	300,000–480,000	
District Coordinators (2 FTE — part-time or field-based)	2.0	20,000–30,000 each	480,000–720,000	[VERIFY MARKET RATE]
Staff subtotal			3,948,000–6,240,000	
Office rent (larger space)	12 months	25,000–50,000 per month	300,000–600,000	[VERIFY MARKET RATE]
Utilities, internet, supplies	12 months	15,000–25,000 per month	180,000–300,000	

Staff travel (field visits — national)	12 months	30,000–60,000 per month	360,000–720,000	50 schools across Bangladesh
Accounting and annual audit	1 year	—	80,000–150,000	Larger audit scope at Year 3 scale [VERIFY MARKET RATE]
Subtotal 5F			4,868,000–8,010,000	

5G. Monitoring and Evaluation (Year 3)

Line Item	Quantity	Unit Cost Estimate (BDT)	Total Estimate (BDT)	Notes
Full external evaluation (end-of-phase)	One-time	—	200,000–500,000	Full programme evaluation across 50 schools; [VERIFY WITH EVALUATORS]
BAT administration — 10,000 students	10,000 surveys	20–40 per survey	200,000–400,000	Digital data collection (KoBoToolbox) reduces cost
Data analysis and visualisation	Lump sum	—	50,000–100,000	
Peer-reviewed research paper (academic partner)	One-time	—	50,000–150,000	If pursuing academic publication; [FOUNDER INPUT REQUIRED]
Reporting and learning documentation	Lump sum	—	30,000–60,000	
Subtotal 5G			530,000–1,210,000	

5H. Contingency (15% of 5A through 5G)

Base Cost Range (5A–5G)	Contingency Rate	Contingency Amount
BDT 10,773,000–19,570,000	15%	BDT 1,615,950–2,935,500

Rounded contingency: **BDT 1,620,000–2,940,000**

Year 3 Budget Summary

Section	Low Estimate (BDT)	High Estimate (BDT)	Mid Estimate (BDT)
5A: Curriculum Development	100,000	225,000	162,500

5B: Printing and Distribution	3,425,000	5,350,000	4,387,500
5C: Teacher Training	750,000	1,575,000	1,162,500
5D: Digital Platform	640,000	2,160,000	1,400,000
5E: Social Media and Communications	460,000	1,040,000	750,000
5F: Staff and Operations	4,868,000	8,010,000	6,439,000
5G: Monitoring and Evaluation	530,000	1,210,000	870,000
Subtotal (5A–5G)	10,773,000	19,570,000	15,171,500
5H: Contingency (15%)	1,615,950	2,935,500	2,275,725
YEAR 3 TOTAL ESTIMATE	12,388,950	22,505,500	17,447,225
In crore BDT	~1.24 crore	~2.25 crore	~1.74 crore
In USD (÷110)	~112,600	~204,600	~158,600

***Planning target range: BDT 1.24–2.25 crore (approximately USD 113,000–205,000).** The primary cost drivers in Year 3 are staff (50% of total) and printing at scale. The digital platform decision (custom LMS vs. enterprise Moodle) is the second-largest swing factor.*

6. Revenue Projections and Funding Mix

All revenue figures are **aspirational targets for planning purposes only** and are subject to fundraising success, donor approval, and government/partner decisions.

6.1 Revenue by Source and Year

Revenue Source	Year 1 (BDT)	Year 2 (BDT)	Year 3 (BDT)	Notes
Seed grant / founder contribution	1,000,000–2,000,000	0–500,000	0	[FOUNDER INPUT REQUIRED: confirm available seed funding and in-kind resources]
Domestic CSR grants (banking, telecom, FMCG sector)	500,000–1,000,000	1,000,000–2,000,000	2,000,000–4,000,000	CSR funding in Bangladesh growing; education is a priority sector
International institutional grants (UNICEF, USAID, EU, UK Aid, DFAT)	0–500,000	2,000,000–4,000,000	8,000,000–12,000,000	Typically requires 1–2 years of track record; unlikely in Year 1
School licensing / cost-recovery fees	0	200,000–500,000	1,000,000–3,000,000	If schools pay a per-student or per-book fee from Year 2; [FOUNDER INPUT REQUIRED: pricing model decision]

Individual donations / crowdfunding	100,000–300,000	200,000–500,000	500,000–1,000,000	Online fundraising; Bikash/Nagad-enabled in Bangladesh
Online course subscriptions (B2C)	0	100,000–300,000	500,000–1,500,000	Parent/guardian subscriptions; requires platform readiness
In-kind contributions (venue, volunteer time, printing discounts)	[VERIFY]	[VERIFY]	[VERIFY]	Record at estimated market value for donor reporting
TOTAL PROJECTED REVENUE	1,600,000–3,800,000	3,500,000–7,800,000	12,000,000–21,500,000	
Projected Expenditure (mid estimate)	~2,629,000	~5,797,000	~17,447,000	From Sections 3–5
Funding Gap (mid estimate)	~(429,000)–1,029,000	~(2,297,000)–2,003,000	~(5,447,000)–4,053,000	Negative = surplus; brackets = deficit

Revenue notes:

- **Year 1 is fully grant-dependent.** No earned revenue is projected in Year 1. Seed funding and at least one CSR grant are essential to launch.
- **Year 2 introduces diversification** with the first school licensing fees and online course subscriptions, but institutional grants remain the dominant source.
- **Year 3 target: 20–30% own-revenue** (licensing + subscriptions + donations) to reduce donor dependency and demonstrate financial sustainability to international funders.

[FOUNDER INPUT REQUIRED] Confirm: (a) available seed funding and whether it is cash, in-kind, or loan; (b) fundraising pipeline — any CSR contacts already committed; (c) whether a school licensing/cost-recovery fee model will be adopted and at what price per student or per book.

6.2 Indicative School Licensing Fee Model (for Reference)

Fee Type	Rate	Year 2 Revenue (10 schools)	Year 3 Revenue (50 schools)
Per student per year (low)	BDT 50	50,000	500,000
Per student per year (mid)	BDT 100	100,000	1,000,000
Per student per year (high)	BDT 200	200,000	2,000,000
Per school annual licence (flat fee)	BDT 20,000	200,000	1,000,000

Note: In government and government-aided schools, fees may require Ministry of Education approval. Private school licensing is more straightforward. [FOUNDER INPUT REQUIRED: target school type composition — government vs. private.]

7. Key Budget Assumptions and Notes

Assumption	Detail
All BDT figures are planning estimates	Actual costs require verified market quotations; this document is not an audited financial statement
Staff costs	Based on Bangladesh NGO sector salary norms for Dhaka-based operations; field-based staff may receive lower base pay plus field allowance [VERIFY MARKET RATE]
Printing costs	Assumed offset printing at Dhaka-based printers; digital/POD printing would cost more per unit but reduces upfront risk [VERIFY WITH PRINT QUOTES]
Volume discounts	Printing unit cost assumed to decrease: ~BDT 100 at 200 copies → ~BDT 85 at 1,000 copies → ~BDT 65 at 10,000+ copies [VERIFY WITH PRINTERS]
Exchange rate	1 USD ≈ 110 BDT (2026 estimate — approximate only; verify at time of budgeting and at each transaction)
VAT and tax	NGO procurement VAT implications to be confirmed with a qualified Bangladeshi accountant; registered NGOs may be eligible for exemptions on educational materials
Inflation	No inflation adjustment has been applied year-on-year in this template; add approximately 6–9% per year for multi-year grant proposals (per Bangladesh general inflation trend) [VERIFY CURRENT RATE]
Contingency	15% applied to all direct programme and operational costs; does not cover force majeure events or structural programme changes
Budget review cycle	This template should be updated quarterly against actual expenditure; annual revisions recommended before each new fiscal year
Donor compliance costs	Some international donors require separate financial management systems or audits — budget for this separately if specific grants are secured
NGOAB requirements	Foreign-funded NGO activities in Bangladesh require NGO Affairs Bureau clearance; budget for associated registration and reporting fees (included in Year 1 legal/registration line)
Bank accounts	Separate bank accounts required for each foreign funding source under NGOAB Foreign Donation (Voluntary Activities) Regulation Act 2016 — account for bank charges accordingly

8. Budget Control and Governance

8.1 Approval Thresholds

Expenditure Amount	Approval Required
Up to BDT 5,000	Program Officer (operational petty cash)
BDT 5,001–25,000	Executive Director approval

BDT 25,001–50,000	Executive Director + Finance Officer; 3 quotes required
Above BDT 50,000	Full Board approval required
Any unbudgeted expenditure >BDT 25,000	Board approval required regardless of amount

8.2 Procurement Policy

- **3 written quotes required** for all purchases or services exceeding BDT 25,000
- Quotes to be documented and retained for audit purposes
- Preferred vendors list to be developed and reviewed annually
- Conflict of interest declaration required from any staff member with a personal connection to a supplier

8.3 Financial Reporting

Report	Frequency	Audience
Budget vs. Actuals	Quarterly	Board of Directors; major donors
Bank reconciliation	Monthly	Finance Officer; Executive Director
Annual Financial Statements	Annually	Board; NGOAB; donors
Independent Audit	Annually	Board; NGOAB; international donors
Donor Financial Report	Per grant agreement	Respective donors

8.4 Banking and Fund Management

- Separate bank accounts maintained for each foreign funding source (NGOAB Foreign Donation Act requirement)
- All transactions above BDT 10,000 by bank transfer (no cash for large payments)
- Dual signatory required for all payments above BDT 25,000
- Petty cash fund capped at BDT 10,000; reconciled weekly

8.5 Audit Requirements

- Annual independent audit by a registered Bangladesh chartered accountant firm
- Audit to cover all income and expenditure, bank reconciliation, and fixed assets register
- Audit report submitted to NGOAB within 60 days of fiscal year end (as required by law)
- For international donor grants: comply with donor's own audit and financial reporting requirements (may require a specific audit firm or format)

9. USD Summary — Donor Reference

Important: Conversion at approximately **1 USD = 110 BDT**. This rate is indicative and approximate as of 2026. It is subject to exchange rate fluctuation. Verify the prevailing rate at the time of any grant proposal or financial reporting. All underlying figures are in BDT.

9.1 Budget Summary in USD

Budget Category	Year 1 (USD)	Year 2 (USD)	Year 3 (USD)	3-Year Total (USD)
A. Curriculum Development and Content	3,600–6,400	590–1,320	910–2,050	~11,400
B. Printing and Distribution	580–930	4,090–6,250	31,100–48,600	~53,200
C. Teacher Training	400–790	2,090–4,140	6,820–14,320	~12,000
D. Digital Platform	1,010–2,780	1,690–4,550	5,820–19,640	~19,000
E. Social Media / Communications	1,050–2,640	1,730–4,000	4,180–9,450	~5,590
F. Staff and Operations	6,240–10,730	21,310–35,640	44,250–72,820	~94,500
G. Monitoring and Evaluation	880–2,140	1,450–2,820	4,820–11,000	~10,100
H. Contingency (15%)	1,140–2,600	4,950–8,810	14,700–26,690	~30,200
TOTAL	15,700–32,100	38,000–67,500	112,600–204,600	~236,000

9.2 Revenue Summary in USD

Revenue Source	Year 1 (USD)	Year 2 (USD)	Year 3 (USD)
Seed grant / founder contribution	9,100–18,200	0–4,550	0
Domestic CSR grants	4,550–9,100	9,100–18,200	18,200–36,400
International institutional grants	0–4,550	18,200–36,400	72,700–109,100
School licensing / cost-recovery fees	0	1,820–4,550	9,100–27,300
Individual donations / crowdfunding	910–2,730	1,820–4,550	4,550–9,100
Online course subscriptions	0	910–2,730	4,550–13,640
TOTAL PROJECTED REVENUE	14,560–34,580	31,850–70,980	109,100–195,540

Note for international donors: Grant proposals to international donors (UNICEF, USAID, EU, UK Aid, DFAT, GIZ, etc.) should present budgets in both BDT and USD, clearly noting the exchange rate used and the date of conversion. Most institutional donors require budget revisions if exchange rates move more than 5–10% from the proposal rate.

Appendix A: Glossary of Terms

Term	Definition
BAT	Baseline Assessment Tool — survey instrument used to measure student knowledge, attitudes, and behaviour related to manners and etiquette before and after programme participation
BDT	Bangladeshi Taka — official currency of Bangladesh
CSR	Corporate Social Responsibility — corporate philanthropic funding
FTE	Full-Time Equivalent — 1.0 FTE = one full-time employee; 0.5 FTE = half-time
FY	Fiscal Year
LMS	Learning Management System — digital platform for course delivery (e.g., Moodle, Google Classroom)
M&E	Monitoring and Evaluation
Moodle	Open-source LMS widely used by educational institutions globally
NGOAB	NGO Affairs Bureau — Government of Bangladesh body regulating NGOs, especially those receiving foreign funds
USD	United States Dollar

Appendix B: Outstanding Decisions Tracker

#	Decision Required	Section	Impact if Unresolved	Priority
1	Confirm school growth targets (2 → 10 → 50)	All sections	All volume-driven costs require recalculation	HIGH
2	Confirm available seed funding and in-kind resources	Section 6	Year 1 funding gap unknown	HIGH
3	Confirm whether founder draws salary in Year 1	3F	±BDT 480,000–840,000 impact on Year 1	HIGH
4	Confirm office space decision (home / rented)	3F	±BDT 180,000–300,000 impact on Year 1	HIGH
5	Video production budget decision (basic vs. animated)	3D	±BDT 120,000 swing in Year 1 alone	MEDIUM
6	Illustrator preference (in-house / freelance / agency)	3A	±BDT 225,000 swing in Year 1	MEDIUM
7	Social media advertising budget	3E, 4E, 5E	Affects reach and school enrolment pipeline	MEDIUM

8	External evaluator budget	3G, 4G, 5G	Affects M&E credibility with donors	MEDIUM
